**NOTE:** To select the proper cable cleat (and cable cleat liner, when required), physical cable dimensions must be confirmed. Talon<sup>®</sup> T1-05 cable cleats accommodate single cables from Ø34 mm to 79.3 mm (OD). Talon<sup>®</sup> T3 cable cleats accommodate trefoil cable bundles from Ø21 to 133 mm (OD for each cable) in nine frame sizes. Due to differences in cable acceptance range between manufacturers, refer to the appropriate Talon<sup>®</sup> Cable Cleat Data Sheet to determine the part number for the respective cable size. Other cable cleat frame sizes are available on request.
